It's Me 247 SEE/JUMP/TRANSFER Authorization Form

SEE/JUMP Overview

SEE allows a member to log into their membership and monitor balances and transaction activity for another account they are on. SEE authorization does not allow access to conduct account transactions.

JUMP allows a member to log into their membership and jump to another membership without additional authentication. With few exceptions like applying for a loan or changing passwords, it is as if they are logged into this second account and may conduct transactions.

By granting SEE and/or JUMP permission to another account, the other account will see ALL current and future accounts under that membership regardless of their privileges on a particular sub-account.

SEE/JUMP Authorization

By signing below, I authorize the following account(s) to have SEE and/or JUMP access to my account through It's Me 247 Online Banking. SEE access grants full viewing privileges of all current and future sub-accounts. JUMP access grants full online banking privileges of all current and future sub-accounts. I may revoke this authorization at any time in writing to Lakes Community Credit Union.
